Sightglasses with PFA/FEP or PVDF-lining and in stainless steel or special alloys

Type "OCULAR"

Type "OCULAR"

Type "OCULAR
SR"

■ Sightglasses

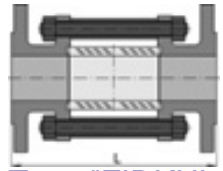

Sightglasses are in different designs with PFA/FEP or PVDF-lining as well as in metallic design available.

■ Type "OCULAR"

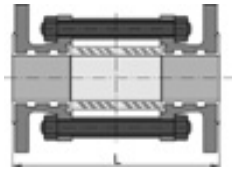

- body material: 1.4408 or ductile iron GGG40.3 ("OCULAR A")
- PFA/FEP- or PVDF-lined ("OCULAR A")
- Temperature $T_{max} = 573K (200^{\circ}C)$ or $523K (150^{\circ}C)$ for "OCULAR A"
- swelling for recognition of turbulences
- with "Borosilikat" sightglass
- heating jacket on request
- other body materials on request

■ Type "ZIRKULAR"

- body material: 1.4408 1.4408 or ductile iron GGG40.3 ("ZIRKULAR A")
- PFA/FEP- or PVDF-lined ("ZIRKULAR A")
- Temperature $T_{max} = 553K (180^{\circ}C)$ or $503K (130^{\circ}C)$ for "ZIRKULAR A"
- smooth full bore

Type "ZIRKULAR"

Type "ZIRKULAR
A"

[index](#)

- with DURAN tubular sightglass
- other body materials on request

■ Nominal Sizes

- DN15 - DN150

■ Nominal Pressure

- PN10 - PN40
